GETAC A140 TABLET DOCKING STATION

Engineered for the demanding work environments in utility, public safety, and material handling

Designed for the Getac A140 fully rugged tablet, the Gamber-Johnson A140 docking station is perfect for leveraging the capabilities of the A140 tablet. The docking station combined with Gamber-Johnson mounting equipment creates the perfect mobile office solution for the field service worker, firefighter, or public safety official. The docking station provides full port replication to link to the peripherals needed to support the mobile office and the quick release latch makes it easy to take the tablet out of the vehicle for fieldwork. This docking station accommodates the built-in rubber hand strap, stylus, and even the optional multi-function hard handle. The keyed-lock provides added security and theft deterrence.
