

# GETAC K120 LAPTOP DOCKING STATION

Engineered for the demanding work environments in utility, public safety, and material handling

Designed for the Getac K120 fully rugged computer, the Gamber-Johnson K120 laptop docking station provides two front-facing fast-charging USB ports and an array of rear replication ports to link peripherals within the vehicle. The docking station features a quick-release latch and it accommodates the computer's rotating hand strap, and magnetic strip reader. The keyed lock provides added security: when notebook is closed and screen is latched, the lock will secure the keyboard and the computer. Gamber-Johnson's quality and reliability ensure the dock will provide years of uninterrupted service.
